

IT'S AN EMERGENCY!

Emergencies can feel like a rollercoaster! But guess what? Not all emergencies are created equal! So, buckle up as we dive into the wild world of two totally different types of emergencies!

Personal Urgency

- Being sick
- Family or pet ill
- Cell phone broken
- Car/transportation is broken or unavailable
- Feeling sad or alone
- Favorite show is cancelled

Disaster/Emergency

- Infectious disease like Covid-19
- Large scale disaster like flood/tornado
- Fire
- Unsafe temperatures - too hot or too cold
- Feeling I want to hurt myself or others

IT'S AN EMERGENCY!

A DISASTER is a sudden situation that can be dangerous for you or others. When a disaster or emergency happens, it's important to act quickly and follow safety rules. In these situations, it's essential to stay calm and get help right away! Here are some examples of emergencies:

These two government websites have information on disasters, checklists, apps, and information to stay safe.

Personal Emergency

- Severe injury
- Unsafe location
- Car accident
- Fire in your house

Community Disaster

- Infectious disease
- Large scale disaster like flood/tornado
- Fire
- Unsafe temperatures
- High Winds
- Thunderstorms

IT'S A PERSONAL URGENCY!

A **PERSONAL URGENCY** is an unexpected event that is not dangerous. These problems need to be resolved quickly, but there is no need to hit the panic button. Here are some examples:

Create your Specific Urgency Checklist

- **Stay Calm**
 - Take a deep breath
- **Reach out to a trusted friend or advisor**
- **Create a problem specific checklist of things to do**
 - Include things to try, who to call, and any tools or equipment you need
 - Use AI tools like ChatGPT to help you
- **Work through your checklist items by yourself or with help**
- **CELEBRATE YOUR SUCCESS**

Personal Urgency

- Phone broken • Dishwasher broken
- Car/Transportation • Cold/Flu • Food I like is not in the fridge • Loss of power

4

What can I try?

I can make sure it is charged. I can try turning it off and on. I can look at it to see if it is cracked or broken.

Plan Ahead

I can check to see if I have phone insurance. I can keep backups of pictures. I know a good repair place.

PERSONAL URGENCY CHECKLIST

BROKEN CELLPHONE EXAMPLE

Here is the checklist of things to do in case your cell phone breaks based on our 5 key things.

- Stay Calm
 - Take a deep breath
 - Count to ten
- Check if It's Really Broken
 - Try turning your phone on again.
 - See if the screen is cracked or if it's just not working.
 - Check the Battery
 - Make sure your phone is charged. Plug it into a charger and wait a few minutes.
- Try Restarting the Phone
 - Hold the power button for a few seconds to turn it off, then turn it back on.
- Ask for Help/Tell Your Parents or Guardian
 - Ask an adult or friend if they can help you figure out what's wrong.
- Look for a Fix
 - If it's a small problem (like a cracked screen), ask if it can be fixed.
 - If you can't fix it, you may need to go to a store or call a repair shop.
 - Use Another Phone
- If you need to make a call and can't use your phone, ask to use someone else's phone.
- Backup Your Information
 - If you can still use your phone, make sure you save important photos or contacts.
- Plan for a New Phone
 - If your phone can't be fixed, you may need to get a new one. Ask your parents or an adult for help.
